### Manufacturing Solutions Center Grand Opening Yesterday

11/30/2012 10:31:29 AM

Yesterday (November 30), the Manufacturing Solutions Center (MSC) held its grand opening and dedication at its new and expanded location at the Conover Station in downtown Conover.

The MSC is a manufacturing business accelerator and high-tech testing lab under the umbrella of Catawba Valley Community College. The MSC creates prototypes, develops products for the marketplace, connects business owners with manufacturers, markets products and establishes distribution pathways. Simultaneously, inventors and entrepreneurs learn how to operate and sustain a successful business.

MSC staff receives an average of ten to 12 inquiries daily from all over the world. To better accommodate them, the MSC increased its space from 6,000 square feet to 30,000 square feet with a \$1.5 million grant from the U.S. Department of Commerce's Economic Development Agency.

For more information, visit [www.manufacturingsolutionscenter.org](http://www.manufacturingsolutionscenter.org) or call the MSC at 828-327-7000 ext. 4265.
